Interested in custom design? Special designs for sauna available.

1-year limited warranty. Warranty doesn't cover water-related damage.

- French Cleat system provided
- Designed to be wall mounted
- Ensure that the room is below 65% humidity unless your application has been discussed and precautions have been made.

Himalayan salt replenishes the body with 84 naturally occurring minerals, and warmed Himalayan salt is believed to reduce oxidative stress in the immediate surroundings, creating a relaxing, healing environment. It is ideal for adding to a sauna where dry heat activates the Himalayan salt blocks, transforming them into ionizers.

Our beautiful hand-carved Himalayan Salt Panels makes it easy to add healing Himalayan salt to any business or home.

Upgrade to a heated or lit panel.

Long-lasting led lighting adds a beautiful ambient glow to the panels and enhances the salt's natural healing properties.
